GDG-DIT Website

Project Blueprint & Requirements

1. Core Mission & Goals

The primary goal of this website is to serve as the central hub for the GDG-DIT chapter. It is designed to:

- **Attract & Inform New Members** — Communicate what the community is, what it does, and why someone should join.
- **Engage Existing Members** — Provide a go-to resource for events, resources, and news.
- **Showcase Expertise & Impact** — Highlight community achievements through event history and blogs.
- **Facilitate Connections** — Help members connect with each other and the organizing team.

2. Global Elements (Present on All Pages)
